Please do not bring them to school or they will be confiscated. We do not accept deliveries for students and if something is delivered to the school, it will be declined and returned.

Students: In order to attend activities, students must be in attendance at school on the day of the activity. For example, if a student is absent on the day of the dance, the student will not be allowed at the dance. This also includes participating in sports or attending sporting events. This can be found on the bottom of page 7 in the student planner.

HELPING HANDS

Do these words sound familiar?

***There comes a time when we must heed a certain call.
It's time to lend a hand to life, the greatest gift of all.****

These words come from the famous song *We Are The World*. It raises an interesting question. How do we "lend a hand to life"? We can literally use our hands to do things that encourage life, support life, and affirm life. We can use our hands to create a garden or to feed someone. We can use our hands to create a beautiful painting or an inspiring story. We can use our hands to pick up litter. We can use our hands to give someone a pat on the back. Today, notice what you do with your hands. Look for ways to use your hands in positive, healthy, life-affirming ways.
