Good Afternoon Joe Walker Parents,

Yearbook needs your help!!! We are currently looking for cell phone and camera photos from both you and your children to help document Joe Walker's school year in our annual yearbook. Although this year looks different than any of us imagined, the yearbook staff is committed to accurately capturing this time and place in our lives. Please be sure to visit our website to access the steps for submitting photos to our yearbook company or clicking on the link here: [Yearbook Photo Submission](#). Thank you for your support and we look forward to receiving lots of photos!

You may recall that in last week's phone dialer message, I mentioned that approximately 54% of our population still haven't completed their "Back to School Registration" forms online yet and approximately 15% haven't created a PowerSchool account. You may also remember that I stated I wanted Joe Walker to be the first school in the district with 100% of these two accomplished. While we didn't reach 100%, we did make some growth. Here's the results as of today:

- 49% of our population still haven't completed their "Back to School Registration," which puts us in 5th place across the district
- 13% of our population still haven't created a "PowerSchool Parent Account" which puts us in 3rd place across the district

Please help us reach 100% by completing these tasks immediately. Both of these tasks can be accomplished by navigating to the Parent Portal in PowerSchool from our district homepage at www.westside.k12.ca.us.

Lastly, please remember that we provide free tutoring during lunch every day of the week in our Virtual Learning Lab. If your child needs additional academic support in any subject, please visit our website at www.westside.k12.ca.us/jw.

Sincerely,

Steve Wood

Principal
