December 4, 2020

Good Afternoon Parents,

The end of the semester is right around the corner with many teachers setting deadlines for accepting late work. Please be sure that you check your child's grades on PowerSchool, identify which assignments still need to be turned in, and follow each teachers' late work policy before the deadline. Report cards will be mailed home after December 18, 2020. All students not meeting the board policy requirements of maintaining a 2.0 GPA or higher, with no grades of an "F" will be required to participate in credit retrieval. At this time, the credit retrieval program is undetermined and further information will be provided as decisions are made. Please understand that this board policy is also used to determine eligibility for promotion/retention to the following grade level, revocation of transfers, and 8<sup>th</sup> grade promotion ceremony and activities at the end of the year. Therefore, it is vitally important that your child takes advantage of every opportunity to earn the highest grade possible.

Joe Walker CJSF (California Junior Scholarship Federation) is currently organizing a food and clothing drive to benefit Grace Resource Center. A donation box is stationed outside the front office from 7:00 am to 3:30 pm from now until December 15, 2020. Food items needed include: pop top cans of canned chicken, beef, tuna, soup, and ravioli. Nonfood items needed are baby wipes, and cold weather gear, such as: beanies, scarves, gloves, and new socks. Please consider donating to this great cause by dropping any of these items off in a bag with your child's name and Advisory teacher's name clearly marked on the outside.

Don't forget, we will be following an alternative schedule again next week due to Monday, December 7 being a minimum day. Please view the schedule attached to the email accompanying this message, on our website, or in each of your child's google classes.

Have a great weekend.

Steve Wood  
Principal
