The Single Plan for Student Achievement

IDEA Academy @ Cottonwood

School Name

19-65102-6109664 CDS Code

Date of this revision: November 30, 2017

The Single Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

For additional information on school programs and how you may become involved locally, please contact the following person:

II. School Vision and Mission

Mission Statement:

The IDEA Academy @Cottonwood (Elementary School) is committed to building a positive learning community with high expectations and accountability. We strive to cultivate character and instill the foundation of life long learning for all scholars.

Our vision for the IDEA Academy @Cottonwood is defined by the following expectations:

- Rigorous and relevant instruction that engages and inspires critical thinking and problem solving, along with effective oral and written communication skills is the norm for all learners.
- Our school is a safe, secure, caring, and respectful learning environment that promotes each student's academic, social, and emotional growth.
- · We approach learning with a growth mindset forcused on meeting the diverse needs of all learners.
- · Our community emphasizes collaboration between students, staff, parents, and community members.
- We use data to drive instruction, interventions and enrichment.
- Our culture of creating life-long learners emphasizes building up tools of critical thinking and problem solving, creativity, determination, hard work, adaptability, a positive mindset, and good social skills and habits to achieve academic

and personal success.

Achievement of academic, behavioral, and life goals are celebrated and embraced by all stakeholders.

We have a school wide commitment to these Positive Behavior Expectations:

- 1. Be restrained.
- 2. Be respectful.
- 3. Be responsible.
- 4. Be prepared.

III. School Profile

The IDEA Academy @Cottonwood is a STEAM (science, technology, engineering, and art) academy and a school of choice for K-6 grades that is located in the southwest portion of the Antelope Valley in the Westside Union School District. Our school, located at Avenue P-8 and Hubbard Street in Palmdale. At our 10 acre campus, students attend classes in 24 large classrooms owned by the district. These classrooms include a computer lab, engineering lab, and makerspace. The campus also includes a multi-purpose cafeteria building, a staff lounge, a speech therapist room, and a resource support room. An administration building that will include a state of the art library, community room, multipurpose room with a stage for STEAM learning, and office space is under construction on the site.

At the IDEA Academy @Cottonwood, our specialized program provides an educational choice for learning the California standards in math, english language arts and literacy in history/social studies, and science through the innovative approaches of design thinking and Project Based Learning (PBL) and use of the nationally recognized engineering curriculum, Project Lead the Way (PLTW). Students have increased opportunities to participate in robotics, coding, makerspace education, music and art. We are also an AVID certified school and use AVID's college-career prep strategies to help kids achieve success. Students are required to wear a uniform.

The IDEA Academy @Cottonwood currently serves 475 students in grades K-6 in both general and special education. The student population is approximately 18% Caucasian, 62% Hispanic, 10% African American, 4% Asian, 004% American Indian and 002% Pacific Islander. 13.5% of the student population are students with disabilities. Our student population is approximately 64% Hispanic, 18% white, 11% black or African American, 5% Asian, 2% American Indian, and less than 1% other. Approximately 15% of our students are English Language Learners, 11% are special education and 59% are identified as socioeconomically disadvantaged. The IDEA Academy @Cottonwood staff includes 17 regular education teachers, 2 SDC teachers, 1 Resource Specialist, 1 part time Speech teacher, and over 30 classified personnel and playground supervisors/crossing guards.

IV. Comprehensive Needs Assessment Components

A. Data Analysis (See Appendix A)

Review of current year and prior year:
CAASPP results
California School Dashboard reports
California Five by Five report
CELDT results
District writing and mathematics performance task results
Attendance data
Disciplinary data
Report card grades
Site safety reports

B. Analysis of Current Instructional Program (See Appendix B)

- 1. Alignment of curriculum, instruction and materials to content and performance standards:

 Math, language arts, reading, science, and social studies curriculum, instruction and materials are directly aligned to district and state content and performance standards. Instruction is delivered based on the standards.
- 2. Availability of standards-based instructional materials appropriate to all student groups: The district provides textbooks and curricula that are standards-based for all students.
- 3. Alignment of staff development to standards, assessed student performance and professional needs: Staff members have the opportunity to attend staff development to address the alignment of standards, assessment of student performance, and professional needs related to student learning. School site meeting time is used to deconstruct and prioritize state standards, design common assessments, and analyze data to make formative decisions about instruction and curriculum. Training is offered to administrators and teachers to provide help in interpreting state testing, CELDT and other assessment results that are used to plan instruction. Support for new teachers is provided through the District's New Teacher Support Department. This includes an induction program and support for interns and other new teachers who do not yet qualify to participate in new teacher induction.
- 4. Services provided by the regular program to enable under performing students to meet standards:

 Our school provides many opportunities for under performing students to meet standards in the regular classroom program. Teachers use data to identify under perfoming students and plan first best direct instruction and reteaching during the instructional day. Teachers also work with grade level Student Success Teams (SSTs) to design intervention plans for identified students, then monitor the progress of these students closely. AVID Schoolwide is implemented in grades K-6 and this provides under performing students with increased support with organizational and academic skills in the areas of reading, vocabular, and writing. Students have the opportunity to attend After School Intervention during the year focused on reading and mathemathics, as well as enrichment to build vocabulary skills.
- 5. Services provided by categorical funds to enable underperforming students to meet standards: Services provided by categorial funding to enable under performing students to meet the standards include: use of computer based programs such as Fast ForWord and Reading Assistant for reading intervention for grades K-6, instructional aide time to assist under performing students, release time for teachers to work in grade level teams to analyze data and plan responsive instruction, and staffing for After School Intervention, and enrichment programs. Some teachers offer recess and lunch time tutoring to help under perfoming students meet standards.
- 6. Use of state and local assessments to modify instruction and improve student achievement: Analysis of assessment data drives instruction in all classrooms. All teachers are involved in looking at assessment data and developing an improvement plan. Expenditures are all related to improving student achievment based on findings in data. Teachers regularly examine student work and consult with their colleagues to ensure that students are making progress toward mastery of grade level standards.
- 7. Number and percentage of teachers in academic areas experiencing low student performance:
 Our school staff plans balanced class groupings with approximately evenly distributed groups of at level, above level, and under performing students. This means that every teacher has experience working with under or low perfoming students.

8. Family, school, district and community resources available to assist these students:

Parent-teacher conferences and ELL parent conferences provide recommendations for parents to support their childrens' acadmic and social-emotional success. Homework may be accommodated to meet individual student needs. Parent and community volunteers, including a group of retired teachers, donate volunteers hours in many classrooms at our school to provide assistance with small groups and students having academic difficulties. Our school provides regular information to parents about school academic programs and learning opportunities through dialer messages, e-mail and telephone calls and messages, the website, town hall meetings, and flyers and handouts. The school handbook and first day packet provides helpful information on programs and activities for at-risk students. The district provides information at parent meetings, including the Superintendent's Advisory Council, for parents to access help for their children in school. At our school, parents are invited to become involved with the Parent-Teacher Association, School Site Council, the Cultural Literacy Program, and ELAC to have a voice on how to improve programs and activities for all students, including under performing students. The Boys and Girls Club, a community organization, provides time and assistance to students with homework before they are picked up by parents. WAVE, the West Antelope Valley Education Foundation, and other community organizations such as local Rotary and Kiwanis clubs provide donation funds and grant monies so that our school can supplement the regular educational program with enrichment in the area of science, technology, and the arts.

V. Description of Barriers and Related School Goals

9. School, district and community barriers to improvements in student achievement:

Like all schools and districts, there are barriers to improvements in student achievement. In our community, one of the challenges our schools face is the commuting time for many of our parents. Many of the parents commute long distances to jobs in the Los Angeles area. This means that they are gone for long periods of the day and have only a little time left over to participate in the ecucation of their children and to volunteer in the schools. There is also a majority portion of our schools' population who face economic barriers. This means that at given times during the school year, there are larger concerns on the minds of some families than the educational process.

10.Limitations of the current program to enable underperforming students to meet standards:

The effectiveness of the current instructional program would be enhanced by:

- Knowledge of the California state-adopted frameworks and standards
- Use of assessment data to guide and inform instruction.
- · Interventions for students achieving below the "met" or "exceeds" level of performance on assessements
- Differentiation of instruction, particularly for ELL, students with disabilities, foster, socioeconomically disadvantaged, and at-risk students
- English Language Development (ELD) for all English Language Learner students
- Implemention of STEAM learning through Project Based Learning, Project Lead the Way, and that integrates state standards and emphasizes the four Cs of critical thinking, collaboration, communication, and creativity.
- Inclusion of special needs students into the general education environment
- Implementation of Boys' Town and school disciplinary practices that are instructional, reflective and restorative
- · Vertical articulation of curriculum from one grade level to the next
- Well developed parent education program that familiarizes parents with the state standards and provides ways that parents can support the instructional program
- Effective use of technology to support the instructional program and to facilitate the analysis of assessment data
- Maximizing instructional time
- Equity goals for all students to achieve to their potential
- See also school goals aligned with the district's LCAP.

VI. Planned Improvements in Student Performance

The school site council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic growth targets and grade level expectations. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of student groups not meeting state standards:

SCHOOL GOAL #1

(Based on conclusions from Analysis of Program Components and Student Data pages)

GOAL #1 Improving student Achievement through Education for Life and Work: Ensure all students are well-equipped with the cognitive, linguistic, interpersonal, and intrapersonal skills necessary to be successful in a global society.

Student groups and grade levels to participate in this goal:

Student groups participating in this goal:

All students with a focus on socioeconomically disadvantaged, english language learner, foster and homeless youth

What data did you use to develop this goal.?

state assessment results, CELDT scores, classroom grades, classroom observations

What were the findings from the analysis of this data?

42.65% of 3rd grade, 30.77% of 4th grade, 28.17% of 5th grade, and 30.88% of 6th grade students did not meet standards on the CAASPP test in English Language Arts. 30.88% of 3rd grade, 28.21% of 4th grade, 25.35% of 5th grade, and 39.71% of 6th grade students nearly met standards on the CAASPP test in English Language Arts.

43.28% of 3rd grade, 29.49% of 4th grade, 54.93% of 5th grade, and 45.59% of 6th grade students did not meet standards on the CAASPP test in Mathematics. 29.85% of 3rd grade, 38.46% of 4th grade, 25.35% of 5th grade, and 35.29% of 6th grade students nearly met standards on the CAASPP test in mathematics.

How will the school evaluate progress made toward achieving this goal?

The Cottonwood site goal is to achieve a minimum of 5% improvement in scores for all students overall and for all subgroups as compared to 2016-2017 scores. 5% of students at each performance level will move to a higher performance level in English Language Arts and Mathematics on the state test.

Group data needed to measure academic gains:

CAASPP scores, state dashboard reports, state five by five reports, district and school performance assessments, informal assessment data, program reports

SCHOOL GOAL #1				
Actions to be Taken to Reach This Goal Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing and Professional Development)	Start Date Completion Date	Proposed Expenditures	Estimated Cost	Funding Source
Alignment of instruction with state standards: 1. All textbooks and supplemental materials align with the state standards. 2. Lesson plans will reflect alignment of instruction with state standards for all classes. 3. All lessons have clearly stated, measurable student learning objectives that explain what a student should know and be able to do in relation to the standard. 4. Monitor and maximize instructional learning time. 5. Teachers will meet in professional learning communities to analyze data, prioritize and deconstruct standards, develop common assessments, projects, analyze student work, and examine curriculum and instructional strategies.	School Year 2017-2018	1.California state adopted curriculum - textbooks 2-4. No anticipated costs 5. Costs for subs to provide release time for collaboration	1.TBD 2-4.NC 5.\$5,000	1. District funded 2-4. NA 5. Title I
Improvement of Instructional strategies and materials: 1. Students will participate in instruction focused on increasing active engagement and academic rigor through implementation of AVID school wide. 1a. Focus on maximizing the instructional use of WICOR strategies at all grade levels including implementation of AVID Focus Walks. Maintain AVID certification at all grade levels. 2. Students will participate in instruction focused on increasing active engagement and academic rigor in all classrooms through implementation of STEAM learning that integrates state standards and emphasizes the four Cs of critical thinking, collaboration, communication and creativity including the use of Project Based Learning, Project Lead the Way. 2a. Provide equipment, materials, supplies, training and release time for staff members to implement STEAM learning. 3. Collaboration to improve instructional strategies in writing in grades K-6 incorporating the Westside writing program and other research based best practices in writing in all classes that aligns with state standards. 4. Implement appropriate, research based strategies and targeted interventions including use of Fast ForWord and Reading Assistant for students based on differentiated need. 5. Maximize the use of differentiated instructional strategies to increase rigor in all grade levels and content	School Year 2017-2018	1-1a. AVID training and materials 2-2a. VI. Planned Improvements in Student Performance (continued)

SCHOOL GOAL #2

(Based on conclusions from Analysis of Program Components and Student Data pages)

GOAL #2 for Improving Student Achievement through Access for All: Provide all students access to a high quality instructional program and the research-based supports necessary for them to engage fully with the program.

Student groups and grade levels to participate in this goal:

All students with a focus on socioeconomically disadvantaged, english language learner, foster and homeless youth.

What data did you use to develop this goal.?

state assessment results, CELDT scores, classroom grades, classroom observations

What were the findings from the analysis of this data?

42.65% of 3rd grade, 30.77% of 4th grade, 28.17% of 5th grade, and 30.88% of 6th grade students did not meet standards on the CAASPP test in English Language Arts. 30.88% of 3rd grade, 28.21% of 4th grade, 25.35% of 5th grade, and 39.71% of 6th grade students nearly met standards on the CAASPP test in English Language Arts.

43.28% of 3rd grade, 29.49% of 4th grade, 54.93% of 5th grade, and 45.59% of 6th grade students did not meet standards on the CAASPP test in Mathematics. 29.85% of 3rd grade, 38.46% of 4th grade, 25.35% of 5th grade, and 35.29% of 6th grade students nearly met standards on the CAASPP test in mathematics.

How will the school evaluate progress made toward achieving this goal?

The Cottonwood site goal is to achieve a minimum of 5% improvement in scores for all students overall and for all subgroups as compared to 2016-2017 scores. 5% of students at each performance level will move to a higher performance level in English Language Arts and Mathematics on the state test.

VI Planned Improvements in Student Performance (continued)

SCHOOL GOAL #3

(Based on conclusions from Analysis of Program Components and Student Data pages)

GOAL #3 for Improving Student Achivement through Active and Responsible Citizenship: Develop and implement programs that support students' academic, behavioral, and social-emotional growth and success.

Student groups and grade levels to participate in this goal:

All students with a focus on socioeconomically disadvantaged, english language learner, foster and homeless youth.

What data did you use to develop this goal.?

state dashboard reports, state 5x5 reports, site discipline and attendance data, Calfornia Healthy Kids Survey results

What were the findings from the analysis of this data?

School wide attendance rate for 2016-2017 was 95.9%

Our unduplicated pupil suspension rate for 2016-2017 was 3.0%. Our African American unduplicated supension rate for 16-17 was 8.3%. Our Hispanic unduplicated suspension rate for 16-17 was 1.4%. Our White unduplicated suspension rate for 16-17 was 4.2%. Our unduplicated suspension rate for 2 or more races was 4.0%. The unduplicated suspension rate for all other groups was 0%.

42.65% of 3rd grade, 30.77% of 4th grade, 28.17% of 5th grade, and 30.88% of 6th grade students did not meet standards on the CAASPP test in English Language Arts. 30.88% of 3rd grade, 28.21% of 4th grade, 25.35% of 5th grade, and 39.71% of 6th grade students nearly met standards on the CAASPP test in English Language Arts.

43.28% of 3rd grade, 29.49% of 4th grade, 54.93% of 5th grade, and 45.59% of 6th grade students did not meet standards on the CAASPP test in Mathematics. 29.85% of 3rd grade, 38.46% of 4th grade, 25.35% of 5th grade, and 35.29% of 6th grade students nearly met standards on the CAASPP test in mathematics.

How will the school evaluate progress made toward achieving this goal?

Suspension rates for all students will decrease and show decrease by moving forward into the next level on the 5x5 matrix for all students with a focus on African American, socioeconomically disadvantaged, ELL, students with disabilities, and foster and homeless youth.

Reduce daily discipline referrals for all students with a focus on African American, socioeconomically disadvantaged, ELL, students with disabilities, and foster and homeless youth by 5%.

Attendance rates (ADA) will increase school wide by 1%.

Group data needed to measure academic gains: Attendance and Discipline reports from Power School Results of California Healthy Kids Survey (CHKS)

Actions to be Taken to Reach This Goal Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing and Professional Development)	Start Date Completion Date	Proposed Expenditures	Estimated Cost	Funding Source
Alignment of instruction with content standards and promotion of caring, supportive relationships between all stakeholders: 1. Monitoring and improvement of a schoolwide Positive Behavior Support plan (PBIS) utilizing the Boys Town program. 2. Develop a comprehensive character development program utilizing Character Lab. 3. Recognition of student achievement accomplishments through classroom and schoolwide ceremonies such as attendance awards, semester awards and behavior awards. 4. Recognition of Perfect Attendance - semester and yearlong 5. Ongoing training of all staff in areas of Boys' Town/PBIS implementation, anti-bullying, character development, classroom and playground management. 6. Provide elementary counselor and Campus Climate Assistants (CCAs) to address the social-emotional needs of students exhibiting at risk behaviors as well as provide ongoing supports and resources for their families. 7. Maintain school wide anti-bullying program through the use of staff and school ambassadors. 8. Work with community partners to expand the availability of School-based Mental Health services to eligible students. 9. Implement Mindful Minutes Program with Mindful Educator Essentials training for staff and supplies for Mindful Minutes room. 10. Implementation of Leadership Development through Physical Education (LDTPE) program for grades 4-6	School Year 2017-2018	1. Training/staff development and sub costs 2. Counselor salary 3. To communicate to students, parents, staff and community members clear academic expectations and standards for student behavior based on the Boys' Town and PBIS model implemented this year: 1. School and district policies are communicated annually to all parents and students through the student handbook. 2. Discipline assemblies are held for students in grades K-6 at the beginning of each school year. Students are provided reinforcement and a review of the school rules as needed. 3. Parents, student and staff is given the opportunity to review and revise the student handbook and to provide input on schoolwide programs. Surveys are conducted for all stakeholders to gain input on an annual basis. 4. 4th – 6th grade students maintain a Student Planner, which is used for home/school communication as well as reminders regarding homework and upcoming deadlines. 5. Semester Awards are held at the end of each semester to honor academic achievement. 6. Custodian performs monthly safety inspection of the school. 7. Fire, earthquake and lock down drills to ensure all staff and students are conducted to ensure readiness for emergency situations. Our procedures are outlined in the schoolwide disaster plan which is updated annually. 8. Red Ribbon Week activities will reinforce making healthy choices. 9. Increased educational opportunities for parent, student and staff involvement and input focused on a positive school culture include: 1. Parents are informed of and invited to school assemblies, town hall meetings, programs and workshops. 2. Parents receive a copy of the district/school policies, regulations and rules when enrolling their student. 3. Merit events are provided for students in some classes grades 4-6 in order to encourage appropriate choices. 4. PTA provides a number of projects: book fairs, field trips, assemblies, Family Fun Night, and student incentives for behavior 5. Parents are invited and encouraged to particiate on the School Site Council, Safety Committee or ELAC. 6. Parent workshops to facilitate positive home to school communication. 7. Parents encouragement to participte with PTA/ ELAC and classroom volunteer opportunities. 8. Continuation of the ABS/Student Council/Girl Power/Brotherhood programs focused on improved student achievement throught leadership activities and training. 9. Seek alternatives to suspension including that are instructional, reflective and restorative. 10. Provide monthly updates to foster parents on academic, behavioral, and social-emotional status of their foster youth. 11. Implementation of a school uniform dress code policy. Appendix B - Analysis of Current Instructional Program

This section lists statements about the instructional program adapted from NCLB, Title I, Part A and the related California Essential Program Components (EPC). To analyze these statements, the school site council will need information from a variety of sources (e.g., Survey Results, Library Plan, Master Plan, SARC).

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration was given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

1. Use of state and local assessments to modify instruction and improve student achievement (NCLB)

District performance assessments and common site assessments are analyzed and reviewed collaboratively by staff to improve student achievement. Teachers meet collaboratively to analyze data and plan instruction to meet the needs of all learners. Quarterly writing assessments are given in all grade levels and results guide the implementation of our school wide writing program. Collaborative data days provide opportunities for in depth data review and instructional planning. During grade level PLC meetings teachers review student performance on assessments, identify areas of need and plan interventions. Flexible grouping is implemented for interventions with regrouping based on student achievement scores. The results of student data is also used to guide professional development at Cottonwood.

2. Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

District performance assessment, Fast ForWord Reading assessment, Westside Writing Assessments. grade level curricular tests, informal classroom assessment, and teacher observation are analyzed to drive planning for instruction. Grade level strengths and weaknesses are identified. Student needs are targeted and remediated in the classroom or Special Education setting. Data allows teachers to plan appropriate lessons and form flexible student groups for instruction. These groups are typically homogeneous with students moving from group to group as achievement improves.

There are six significant subgroups at Cottonwood: African American, Hispanic/Latino, White, Socioeconomically Disadvantaged, Foster Youth and English Learners.

Staffing and Professional Development

3. Status of meeting requirements for highly qualified staff (NCLB)

Cottonwood's teaching staff is 100% highly qualified.

4. Principals' Assembly Bill (AB) 75 training on State Board of Education (SBE) adopted instructional materials (EPC)

Principal received AB75 training in regard to the SBE adopted instructional materials.

5. Sufficiency of credentialed teachers and teacher professional development (e.g., access to AB 466 training on SBE-adopted instructional materials) (EPC)

The district continues to provide ongoing professional development focused on equitable implementation of adopted instructional materials. Our new teachers participate in the New Teacher Induction/BTSA program or New Teacher Intern program.

6. Alignment of staff development to content standards, assessed student performance, and professional needs (NCLB)

Staff development is aligned with district and site goals which have been identified to increase student achievement. Staff development opportunities are determined based on student achievement needs analysis, staff surveys and research based best practices noted to improve student achievement.

7. Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Teachers are provided support by district curriculum resource teachers, training led by instructional coaches and support from administration and colleagues.

8. Teacher collaboration by grade level (EPC)

All Teachers and Instructional Aides have earned the status of "Highly Qualified". Staff development has focused on active student engagement, writing clear learning objectives, instructional design, classroom management, writing instruction, academic vocabulary and differentiated instruction. Teachers meet with their grade level teams regularly, working as a PLC to analyze data and plan effective instruction focused on improving student achievement for all students. Teachers have opportunities for grade level and cross grade level collaboration during staff meetings. Teachers are provided opportunities to visit colleagues classrooms and observe instructional strategies and classroom management techniques.

Teaching and Learning

9. Alignment of curriculum, instruction, and materials to content and performance standards (NCLB)

All classroom instruction is aligned to the state standards with clear, standards based learning objectives identified for ELA and Math instruction.

10. Adherence to recommended instructional minutes for reading/language arts and mathematics (EPC)

All classrooms adhere to the recommended instructional minutes in ELA and mathematics.

- 11. Lesson pacing schedule (EPC)
- 12. Availability of standards-based instructional materials appropriate to all student groups (NCLB)

All classrooms utilize the district adopted and standards based instructional materials with differentiation to meet the needs of all subgroups of students.

13. Use of SBE-adopted and standards-aligned instructional materials, including intervention materials (EPC)

SBE adopted and standards-aligned instructional materials are used for core instruction.

Staff uses District adopted curriculum which is aligned with the state standards. Primary grades devote 150 minutes to reading / ELA, with upper grades devoting 120 minutes to reading/ ELA. All grade levels will provide 60 minutes / day for math instruction using district adopted core curriculum and standards-aligned instructional materials. Grade level teams align their year-long schedules with the District. All students have access to the District adopted texts.

Opportunity and Equal Educational Access

14. Services provided by the regular program that enable underperforming students to meet standards (NCLB)

The provision of Universal access time based on student performance and targeted interventions help underperforming students to meet standards.

15. Research-based educational practices to raise student achievement at this school (NCLB)

A number of reseach based best educational practices have been implemented at Cottonwood to raise student achievement. These included: AVID, STEM/STEAM, school wide writing program, active student engagement, full inclusion EL and resource support, and targeted interventions for ELA.

16. Opportunities for increased learning time (Title I SWP and PI requirement)

Increased learning opportunities are provided through targeted interventions at the intensive level for general education underperforming students. SES tutoring, academic tutoring and enrichment is available for students in qualifying subgroups.

17. Transition from preschool to kindergarten (Title I SWP)

A transitional kindergarten program has been implemented at Cottonwood for the 2017-2018 school year.

All students have equal access to the curriculum.

Involvement

18. Resources available from family, school, district, and community to assist under-achieving students (NCLB)

Community members are invited to speak to our students during AVID Student Success Weeks and career day events.

19. Strategies to increase parental involvement (Title I SWP)

At Cottonwood parent workshops are held to provide AVID training, support and encouragement to help parents become more involved at school.

20. Involvement of parents, community representatives, classroom teachers, and other school personnel in the planning, implementation, and evaluation of consolidated application programs (5 CCR 3932)

Parents are encouraged to attend AVID Nights, Parent Teacher Conferences, Open House, Career Day, and other family nights. Parents are invited to join the PTA, School Site Council, and English Learners Advisory Committee. Parents and community members are encouraged to volunteer time and talents in the classrooms. School Site Council collaborates with interested school community members to revise the Single Plan for Student Achievement and Student Handbook.

Funding

21. Services provided by categorical funds that enable underperforming students to meet standards (NCLB)

Allocations of our resources are made based on student achievement.

22. Fiscal support (EPC)

Appendix C - Programs Included in this Plan

Check the box for each state and federal categorical program in which the school <u>participates</u> and, if applicable, enter amounts allocated. (The plan must describe the activities to be conducted at the school for each of the state and federal categorical program in which the school <u>participates</u>. If the school receives funding, then the plan must include the proposed expenditures.)

Appendix D - 2014-15 Categorical District Services Budget	

Appendix E - Recommendations and Assurances (IDEA Academy @ Cottonwood)

The school site council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

- 1. The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.
- 2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the Single Plan for Student Achievement (SPSA) requiring board approval.
- The SSC sought and considered all recommendations from the following groups or committees before adopting this plan (Check those that apply):

[]	English Learner Advisory Committee	
		Signature
[]	Compensatory Education Advisory Committee	
		Signature
[]	Other committees established by the school or district (list):	
	Positive School Climate Team Cottonwood Grade Level Leadership Team	Signature

- 4. The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.
- 5. This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
- 6. This SPSA was adopted by the SSC at a public meeting on:

Appendix F - IDEA Academy @ Cottonwood 's Parent Involvement Policy

The IDEA @Cottonwood Parent Involvement Policy

The staff of Cottonwood School recognizes that parents/guardians are their children's first and most influential teachers and that continued parental involvement in the education of children contributes greatly to student achievement and a positive school environment.

In order to engage parents/guardians positively in their children's education, the principal or designee shall:

- 1. Ensure that teachers provide frequent updates using the district's online grading system and other reports on their children's progres. Parent-teacher conferences will be held as needed or as requested with parents/guardians of elementary school students
- 2. Provide opportunities for parents/guardians to observe classroom activities and to volunteer in their child's classroom
- 3. Provide information about parent involvement opportunities through school, and/or class newsletters, the district's web site, and other written or electronic communications
- 4. Develop mechanisms to encourage parent/guardian input on school issues and programs
- 5. To the extent practicable, provide full opportunities for the participation of parents/guardians with limited English proficiency, parents/guardians with disabilities, and parents/guardians of migrant children, including providing information and school reports required under 20 USC 6311(h) in a format and language such parents/guardians can understand
- 6. Encourage greater parent/guardian participation by offering a flexible number of meetings and adjusting meeting schedules when practicable to accommodate parent/guardian needs
- 7. Build the capacity of the school and parents/guardians for strong parent involvement by
- a. assisting parents/guardians in understanding such topics as the state's academic content standards and academic achievement standards, state and local academic assessments, the requirements of Title I, and how to monitor a child's progress and work with educators to improve the achievement of their children
- b. providing materials and training to help parents/guardians work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parent involvement
- c. educating teachers, student services personnel, principals, and other staff, with the assistance of parents/guardians, in the value and utility of parent/guardian contributions and in how to reach out to, communicate with, and work with parents/guardians as equal partners, implement and coordinate parent/guardian programs, and build ties between parents/guardians and the schools
- d. informing parents/guardians and parent organizations of the existence and purpose of parent information and resource centers in the state that provide training, information, and support to parents/guardians of participating students
- 8. Engage parents/guardians positively in their children's education by helping them develop skills to use at home that support their children's academic efforts at school and their children's development as responsible members of society (Education Code 11502, 11504) through such activities as
- a. providing parents/guardians with information regarding ways to create an effective study environment at home and to encourage good study habits
- b. encouraging parents/guardians to monitor their children's school attendance, homework completion, television viewing and use of electronic devices, for example internet access/video games

- c. build consistent and effective communication between the home and school so that parents/guardians may know when and how to assist their children in support of classroom learning activities (Education Code 11502, 11504)
- 9. Jointly develop with the parents/guardians of a school-parent compact that outlines how parents/guardians, the entire school staff, and students will share responsibility for improved student academic achievement and the means by which the school and parents/guardians will build a partnership to help students achieve state standards

This compact shall address:

- a. The school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables participating students to achieve the state's student academic achievement standards
- b. Ways in which parents/guardians will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television viewing; volunteering in the classroom; and participating, as appropriate, in decisions related to their children's education and the positive use of extracurricular time
- c. The importance of communication between teachers and parents/guardians on an ongoing basis through, at a minimum:
- (1) Parent-teacher conferences in elementary schools, as needed or requested, during which the compact shall be discussed as it relates to the student's achievement
- (2) Frequent reports to parents/guardians on their children's progress
- (3) Reasonable access to staff, opportunities to volunteer and participate in their child's classroom, and observation of classroom activities
- 10. Convene an annual meeting, at a convenient time, to which all parents/guardians of participating students shall be invited and encouraged to attend, in order to inform parents/guardians of their school's participation in Title I and to explain Title I requirements and the right of parents/guardians to be involved
- 11. Involve parents/guardians in an organized, ongoing, and timely way in the planning; review; and improvement of school programs, including Title I programs; including the planning, review, and improvement of the school's parent involvement policy and the joint development of the school's Single Plan for Student Achievement
- 12. If the school's Single Plan for Student Achievement is not satisfactory to the parents/guardians of participating students, submit any parent/guardian comments when the school makes the plan available to the district
- 13. The principal or designee, jointly with parents/guardians shall annually review and update the school's parent involvement policy to meet the changing needs of parents/guardians and the school. (20 USC 6318)

Appendix G - Home/School Compact

We, the IDEA Academy @Cottonwood School Community, believe that each of us has an important role to play in our students' school success. Therefore, we agree to carry out the following responsibilities to the best of our abilities:

Student Pledge:

Student's Responsibilities—I will:

- Come to school each day prepared to do my best and ready to learn.
- Participate in class activities.
- Take responsibility for completing and returning my classwork and homework.
- · Be Safe; Be Respectful and Be Responsible

Appendix H - School Site Council Membership (IDEA Academy @ Cottonwood)

Education Code Section 64001 requires that the SPSA be reviewed and updated at least annually, including proposed expenditures of funds allocated to the through the Consolidated Application, by the school site council. The current make-up of the council is as follows (43):

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
Andrade, Brenda				X	
Barkas, Robin		X			
Brooks, Jasmine		Х			
Dubon Navarrete, Meybel				X	
Duran, Laura	X				
Griffin, Donald				X	
Hendrickson-Arlington, Autumn		Х			
Hernandez, Charles			Χ		
Lopez, Diane				X	
Upah, Daniel		Х			
Numbers of members of each category	1	4	1	4	

⁽⁴³⁾ At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Appendix I: Single Plan for Student Achievement Annual Evaluation

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans.

Annual evaluation by the SSC and local educational agency (LEA) is a critical part of the continuous cycle of improvement for a school. Furthermore, it is an integral component of the Compensatory Education (CE) Federal Program Monitoring (FPM) review process for Single Plan for Student Achievements (SPSAs). During an FPM

review, the SSC and LEA must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

The SPSA annual evaluation may be a summary description of the school's progress toward implementation of the strategies and actions in the SPSA. The report may also include a data analysis of the school's progress towards its student achievement goals based on local, state, or national assessment data.

During the evaluation process, it is important for the SSC and LEA to exercise caution about jumping to conclusions about the effectiveness or non-effectiveness of specific activities and programs without examining the underlying causes. The SSC and LEA should consider all relevant factors when evaluating the plan, such as the degree of implementation, student enrollment changes, and health and safety issues.

Plan Priorities

Identify the top priorities of the most recent board approved SPSA. (No more than 2-3.)

Identify the major expenditures supporting these priorities.

Plan Implementation

Identify strategies in the most recent board approved SPSA that were fully implemented as described in the plan.

Identify strategies in the most recent board approved SPSA that were not fully implemented as described in the plan or were not implemented within the specified timelines.

What specific actions related to those strategies were eliminated or modified during the year?

Identify barriers to full or timely implementation of the strategies identified above.

What actions were undertaken to mitigate those barriers or adjust the plan to overcome them?

What impact did the lack of full or timely implementation of these strategies have on student outcomes? What data did you use to come to this conclusion?

Strategies and Activities

Identify those strategies or activities that were particularly effective in improving student achievement. What evidence do you have of the direct or indirect impact of the strategies or activities on student achievement?

Identify those strategies or activities that were ineffective or minimally effective in improving student achievement.

Based on an analysis of the impact of the strategies/activities, what appears to be the reason they were ineffective in improving student achievement?

Lack of timely implementation

Limited or ineffective professional development to support implementation

Lack of effective follow-up or coaching to support implementation

Not implemented with fidelity

Not appropriately matched to student needs/student population

Other:

Based on the analysis of this practice, would you recommend:

Eliminating it from next year's plan

Continuing it with the following modifications:

Involvement/Governance

How was the SSC involved in development of the plan?

How were advisory committees involved in providing advice to the SSC?

How was the plan monitored during the school year?

What changes are needed to ensure involvement of all stakeholders and adequate monitoring of planned activities and outcomes?

Outcomes

Identify any goals in the most recent board approved SPSA that were met.

Identify any goals in the most recent board approved SPSA that were not met, or were only partially met.

List any strategies related to this goal that were identified above as "not fully implemented" or "ineffective" or "minimally" effective.

Based on this information, what might be some recommendations for future steps to meet this goal?
