## **Sundown Elementary**

School Name

19-65102-6111520

CDS Code

11/16/17

The Single Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

## **II. School Vision and Mission**

Mission Statement - Sundown Elementary School is a learning community that nurtures and celebrates excellence. Sundown Elementary School fosters a positive collaborative culture and learning community where students are expected to master the California State Standards and the transition to Common Core. Success is measured through continuous multiple assessments, evaluation of the assessment data, and reflective dialogue among our professional colleagues leading to the refinement of research based teaching strategies and interventions to reach all learners. Our students are accountable for the opportunities that they are provided to master the curriculum and are encouraged to feel safe enough to risk, grow, and achieve success as an educated, responsible, and caring member of society.

### III. School Profile

#### Description of the School

Sundown School serves about 1000 students in grades TK through six. Our school is now into its 23rd full year.

Our school is participating in the School Improvement, Title I programs, Title II and Title III programs. The projects provide funds for materials, equipment, and most importantly, will provide for professional development to meet the needs of our identified students. The largest portion of Title I funds will be allocated for the provision of professional development.

#### Description of Base Program

The district provides the following:

1. One teacher for every 30 students in K-3 and one teacher for every 32-33 students in 4-6.

School demographic data

Student Enrollment by Group (School Year 2017-18)

Student Percent of Group Total Enrollment

Black or African American 17.3 %

American Indian or Alaska Native .2%

Asian 2.2%

Filipino 2%

Hispanic or Latino 47.5%

Native Hawaiian or Pacific Islander .009%

White 33%

Two or More Races 3%

Socioeconomically Disadvantaged 48.1%

English Learners 6%

Students with Disabilities 17%

Foster Youth 3.5%

#### 2. Textbooks as follows:

Language Arts Houghton/Mifflin: K-5 & McDougal Littell: 6

Math Houghton Mifflin: K-2 & Harcourt: 3-5

Science K-6 Scott Foresman

Social Studies K – 5th – Harcourt

6th - McDougal Littell

3. Instructional day lasts from 7:45 am to 1:55 pm for all grade levels.

4. Playground supervisors and/or instructional aides are assigned to cover morning arrival of students and all morning recesses and lunch times.

5. This school's library is open during school hours and is staffed by district paid library clerks (and supervised by credentialed teachers.) The Kindergarten through 6th grade classes visit the library for 30 minutes twice per week.

6. Students in grades K-3rd are provided 45 minutes of computer lab time each week with an aide and students in grades

4th-6th work for 45 minutes once a week without an aide. Students can rotate through other times as a class.

7. All students in grades K-6 participate in a formal PE program for 90 minutes each week. The program is determined by District and facilitated by credentialed teacher. Teachers provide the extra 20 minutes to maintain state PE time requirements.

8. The Educational Services Facility (ESF), located next to Quartz Hill Elementary School, is open 40 hours per week. Teachers, aides and parents can use the facility to make instructional materials.

9. The district offers an instrumental music program for grades 5-8.

10. In addition to textbooks, the school is allocated money per student per year for instructional supplies.

11. Classified staff assigned to the school include: secretary, school clerk, general clerk, library clerks, instructional assistants I and instructional assistants II, and custodians.

12. The equipment budget is centralized at the district office. As needs are determined, requests for new or replacement equipment are made.

13. The cafeteria program operates from a centralized kitchen.

14. Maintenance and grounds are centralized at the district level; assignments are made to schools as the needs arise.

15. The district participates in a joint powers agreement for transportation of students.

16. The district sponsors professional development opportunities each year for all certificated and most classified staff.

#### **IV. Comprehensive Needs Assessment Components**

##### **A. Data Analysis (See Appendix A)**

Review of current year and prior years:

CAASPP test data.

District benchmark reports.

Retention numbers.

Student GPA / report cards.

Attendance numbers.

Student discipline reports.

Site safety reports.

##### **B. Analysis of Current Instructional Program (See Appendix B)**

The following statements characterize educational practice at this school:

1. Alignment of curriculum, instruction and materials to content and performance standards:

Math, language arts, reading, science, and history curriculum, instruction and materials are directly aligned to district and state standards. Instruction is delivered based on the California State Standards.

2. Availability of standards-based instructional materials appropriate to all student groups:

Instructional materials used in the classrooms in math, language arts, science and social studies are common core-based and used by all student groupings. Lesson planning is based on the standards, which can be found either in the teacher's plan book, in the text or posted in the classroom.

3. Alignment of staff development to standards, assessed student performance and professional needs:

Staff members have the opportunity to attend staff development to address the alignment of standards, assessment of student performance, and professional needs. Beginning Teacher Support & Assessment (BTSA) and Induction provides support and instruction for beginning teachers. School site meeting time is used to analyze specific site and grade level issues. The site works to provide release time for teachers for observation and collaboration as well as onsite training. Administrative training is offered to administrators and teachers to provide help in interpreting STAR and benchmark results and using those results to plan instruction.

4. Services provided by the regular program to enable under performing students to meet standards:

The site offers many opportunities for under-performing students to meet the standards in the regular program. This includes instruction, which is driven by the standards in all classrooms. Teachers have identified and discussed performance plans for under performing students in their classrooms. These will be monitored and adapted at different times during the year. Under-performing students will have the opportunity to get assistance by classroom aides, or work with various site level programs (depending on grade level and need). Some staff hold lunchtime and after hours "study halls" or additional tutoring for their students.

5. Services provided by categorical funds to enable under performing students to meet standards:

Services provided by categorical funding to enable under performing students to meet the standards include: use of the district psychologist to provide data, which drives the school's testing analysis for improvement, aide time for direct assistance to under performing students, programs directed specifically at intensive, small group instruction to assist with reading, use of computer based programs such as Fast ForWord to increase reading development, etc.

6. Use of state and local assessments to modify instruction and improve student achievement:

Assessment data is the driving force in generating instruction in all classrooms. All teachers are involved in looking at assessment data and developing an improvement plan. These improvement plans are submitted and reviewed with the teacher's goals and objectives. Expenditures are related to improving student achievement based on findings in data. Teachers regularly discuss standards and student performance at grade level meetings to ensure that students are mastering grade level standards.

7. Number and percentage of teachers in academic areas experiencing low student performance:

Teachers focus their goals and objectives towards the whole class, using data from the state testing and data derived by different assessments done at a site/district level. They also analyze this data to determine sub-group levels and develop plans to meet the needs of those groups.

8. Family, school, district and community resources available to assist these students:

Low performing students are provided assistance in a variety of ways. Parent-teacher conferences provide recommendations for parents to further their children's academic success and to address behavioral concerns in the classroom. Homework may be accommodated (or modified based on an IEP) to meet students' needs. Parent volunteers work one-on-one or with small groups to assist students experiencing difficulties. The school provides helpful information to parents through email, phone, website, and paper notifications. The student handbook and first day packet provide parents information on available programs for at risk students. Grade level meetings are held regularly to discuss strategies to assist low performing students. The district provides information at parent meetings, including the District Advisory Committee, for parents to access help for their children in school. The District has provided on-going parent education workshops; funded by Title I monies. These workshops, presented by District teachers, have aimed to provide strategies, which will ensure success for all students at years' end. The School Site Council (SSC) at each site, composed of school and community members, distributes the school's resources based on the needs as outlined in the school plan. Principals are provided information in the form of sharing, flyers, and training at Principal's meetings and administrative sessions. W.A.V.E., Westside's educational foundation, provides grant monies for schools and teachers to supplement the programs provided at each school. An after school program offered by the city of Lancaster - Fun Center - provides time and assistance for students to complete homework prior to being picked up by a parent. YMCA also offers this service at Sundown. Community organizations such as the Boy and Girl Scouts and sports groups provide outlets for students who may need the modeling provided by appropriate organizations in the community. Tutoring and intersession schools are available to at-risk students. GATE advisory meetings are held to gain input and recommendations about the GATE program. English Language Advisory Council (ELAC) meetings are held to gain input from parents of English Language Learners.

## **V. Description of Barriers and Related School Goals**

School, district and community barriers to improvements in student achievement:

Like all schools and districts, there are barriers to improvements in student achievement. In our community, one of the challenges our schools face is the commuting time for many of our parents. Many of the parents commute long distances to jobs in the Los Angeles area. This means that they are gone for long periods of the day and have only a little time left over to participate in the education of their children and to volunteer in the schools.

There is also a portion of our schools' population who face economic barriers. For some of the schools that have a more rural population, there are some students who do not have the normal amenities such as running water and electricity. In the schools within the city limits, there are also those who face the typical issues surrounding dysfunctional families. This means that there are larger concerns on their mind than the educational process. Also, this lends itself to a great deal of transience, which makes the educational process spotty at best. Sundown and the surrounding area are also adjusting to the recent recession as the percent of home foreclosures increase. An increase in the number of students coming and going throughout the year has led to difficulties as students work to maintain continuity in their education.

With all of the newer homes going in nearby, Sundown gets a lot of new students at different times of the year. This presents unique challenges in the fact that students enter at different levels, and transition from one school to another can cause great anxiety, in addition to gaps in knowledge. As the housing market has collapsed in Southern California, we have also found many of our students have needed to move and a number of students entering are in financial trouble caused by the market downturn.

Limitations of the current program to enable under performing students to meet standards:

The effectiveness of the current instructional program would be enhanced by:

\*On-going staff development in the areas of:

\*Knowledge of the state-adopted frameworks and California State Standards

\*Use of assessment data to guide and inform instruction

\*Differentiation of instruction, particularly for ELL, special needs and at-risk students

\*Inclusion of special needs students into the general education environment

\*Vertical articulation of curriculum from one grade level to the next

\*Well-developed parent education program that provides and familiarizes parents with the content standards, grading

practices, CAASPP testing, and ways that they can support the instructional program

- \*Effective use of technology to support the instructional program and to facilitate the analysis of assessment data

- \*Increased time to provide remediation for those students determined to be at-risk

- \*Student engagement strategies

- \*Standards based curriculum

- \*Equity goals for all students to achieve to their fullest potential

## VI. Planned Improvements in Student Performance

The school site council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic growth targets and grade level expectations. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of student groups not meeting state standards:

<b>SCHOOL GOAL #1</b> <b>(Based on conclusions from Analysis of Program Components and Student Data pages)</b> <b>GOAL # 1 for Improving Student Achievement in Language Arts:</b> Staff will participate in professional development opportunities and implement educational methodologies and technology that focus on meeting the needs of students including those with disabilities, English language learners, low socio-economic levels, and other at-risk groups.	
<b>Student groups and grade levels to participate in this goal:</b> ELL, SPED, Title I, Foster, At-risk, and homeless students.	<b>What data did you use to develop this goal.?</b> All student groups will increase their prior year ELA proficiency rate by 3% on the CAASPP.
<b>What were the findings from the analysis of this data?</b> Attendance at professional activities, sign-in sheets, administrative observation, completion certificates, State Assessment Data, and district benchmark scores.	<b>How will the school evaluate progress made toward achieving this goal?</b> State Assessments, CAASPP scores, District performance assessments data , and CELDT data.

<b>SCHOOL GOAL #1</b>				
<b>Actions to be Taken to Reach This Goal</b> Consider all appropriate dimensions (e.g., Teaching and Learning, Staffing and Professional Development)	<b>Start Date</b> <b>Completion Date</b>	<b>Proposed Expenditures</b>	<b>Estimated Cost</b>	<b>Funding Source</b>
1. Alignment of instruction with content California State Standards:  1) Full implementation of the district approved core curriculum with an emphasis on the 4 c's (critical thinking, communication, collaboration, and creativity) of the California State Standards 2) Adherence to district curriculum map in all classrooms. 3) Adherence to instructional time recommendation in reading/language arts. 4) Post clearly stated, measurable student learning objectives that align with the standard/s being taught in every classroom. 5) Maximize and monitor instructional time in the areas of: transitions, start of day activities, active engagement of students, and effective use of instructional aides. 6) Meet in Professional Learning Communities (PLC's) to analyze data, analyze student work, review standards, pacing plans, curricular materials, and instructional strategies. 7) Regular analysis of ELL student work to ensure progress toward mastery of ELD and academic content standards for ELA.	1-7) 8/7/2017- 6/8/2018	1) None 2-7) None	1) NC 2-7) NC	1)NC 2-7) NA

<b>2. Improvement of Instructional Strategies and Materials:</b>  1) Analyze student work and data to ensure progress toward mastery of essential standards. Meet regularly in PLCs to analyze data and modify instructional strategies to improve student achievement. Provide quarterly release days to analyze data, plan instruction and targeted interventions. ½ days for each grade level team are recommended. 2) Focus on increasing active student engagement in all classrooms by providing staff development on AVID, TESS, the 4 C's of the Common Core and other research based best practices. 3) Collaboration to improve instructional strategies and research based best practices that support delivery of instruction of essential core standards in reading and writing, with a focus on critical thinking, non-fiction text and expository writing across the curriculum, in grades K-6. 4) Focus on academic language (tier II and tier III vocabulary) and critical thinking strategies. 5) Develop a long range research based intervention plan with flexible grouping at least two times per week focused on grade levels and subgroups of greatest need as determined by staff data analysis. 6) Use of instructional assistants to provide push-in support and/or research based interventions for foundational reading and writing skills, and vocabulary development in primary grade levels. 7) Cluster ELL students by CELDT levels with no more than two levels/class. 8) Provide all ELL students support to access to the core curriculum through the use of SDAIE strategies, development of academic language, Fast ForWord, and interventions as needed.	1-8) 8/7/2017-6/8/2018	1) staff development/ release time  2) Site based staff development  3) Staff development  4) duplicating 5) release time for planning & program development 6) Assistants' salaries  7) None 8) None	1) \$5,000  2) \$5,000  3) NC  4) NC 5) \$1500 6) \$18,142  7) NC 8) NC	1) Title I  2) Title I  3) NA  4) NC 5) Title I 6) Title I  7) NA 8) NA
<b>3. Extended Learning Time:</b>  1) Students not meeting proficiency targets in grades 1-6 will be recommended for extended learning opportunities when possible. This may include tutoring and homework help during recesses, after school, and Saturday School. 2) Use of instructional assistant to provide ELL students with additional academic language support in small groups. (2a) Additional time for ELL assistants to provide translations during school hours, before/after school and during school events (20 hours). 3) ELL parents and students will have access to Latino Literacy Family Stories Program. 4) Summer School enrichment and remediation opportunities.	1-4) 8/7/2017-6/8/2018	1) teacher/assistants' salaries  2) bilingual aide salary  3) salaries for 1 teacher facilitator/1 ranslator/childcare, materials, supplies 4) Teachers, Administrators, staff.	1) \$2500/\$2,000  2) \$27,000  3) \$2500/\$1,000 4) 10,000	1) District LCFF/Title I  2) District LCFF  3) District LCFF/Title III 4) District LCFF

<p>8. Monitoring Program Implementation and Results:</p> <p>1) Analysis of CAASPP and State Assessment data and results to monitor whether yearly goals for student achievement are met and develop grade level action plans for increased student achievement.</p> <p>2) Analysis of benchmark data, common grade level assessment data, and student work on an ongoing basis with results used to adjust instructional strategies and provide interventions to improve student achievement. Data Director reports are used to guide data analysis for grades 2-6.</p> <p>3) Monitor full implementation of pacing guides and the common core instructional program as defined by the District.</p> <p>4) Monitor adherence to instructional time recommendations in mathematics frameworks.</p>	1-4) 8/7/2017-6/8/2018	<p>1) staff/grade level meeting time</p> <p>2) staff/grade level meeting time; duplicating of Student data reports as needed</p> <p>3) None</p> <p>4) None</p>	<p>1) NC</p> <p>2) \$200 (see goal #1)</p> <p>3) NC</p> <p>4) NC</p>	<p>1) NA</p> <p>2) Title I</p> <p>3) NA</p> <p>4) NA</p>

## VI Planned Improvements in Student Performance (continued)

<b>SCHOOL GOAL #3</b> <b>(Based on conclusions from Analysis of Program Components and Student Data pages)</b> Sundown will consistently implement and enforce school and district wide rules, regulations, consequences, & rewards to help students achieve in a positive & safe learning environment which supports students' academic and socio-emotional growth.	
<b>Student groups and grade levels to participate in this goal:</b> ELL, SPED, Title I, Foster, At-risk, and homeless students.	<b>What data did you use to develop this goal.?</b> Reduce the number of discipline occurrences by 5%. Power School discipline reporting data will be used to determine percentage reduction in comparison to prior year.
<b>What were the findings from the analysis of this data?</b> Safe & Drug Free School (SDF) Survey, Healthy Child Survey, Site Council Minutes, Safety Surveys, Safety committee minutes, discipline committee minutes, PTA Minutes, Discipline Records	<b>How will the school evaluate progress made toward achieving this goal?</b> Correlation between grades & decline in Healthy Child Survey % and changes in student discipline referral numbers. Academic growth will be measured by: CAASPP results, Safe School Surveys and district benchmark results

## Appendix B - Analysis of Current Instructional Program

This section lists statements about the instructional program adapted from NCLB, Title I, Part A and the related California Essential Program Components (EPC). To analyze these statements, the school site council will need information from a variety of sources (e.g., Survey Results, Library Plan, Master Plan, SARC).

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration was given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

### Standards, Assessment, and Accountability

1. Use of state and local assessments to modify instruction and improve student achievement (NCLB)
2. Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Use of state and local assessments to modify instruction and improve student achievement:

Assessment data is the driving force in generating instruction in all classrooms. All teachers are involved in looking at assessment data and developing an improvement plan. These improvement plans are submitted and reviewed with the teacher's goals and objectives. Expenditures are related to improving student achievement based on findings in data. Teachers regularly discuss standards and student performance at grade level meetings to ensure that students are mastering grade level standards.

Number and percentage of teachers in academic areas experiencing low student performance:

The school had met the state expected goal of reaching 800 on the API; however, beginning three years ago API has declined, landing at 785 for the 07-08 school year. Teachers focus their goals and objectives towards the whole class, using data from the state testing and data derived by different assessments done at a site/district level. They also analyze this data to determine sub-group levels and develop plans to meet the needs of those groups.

If we are to follow the requirements of No Child Left Behind, we need to increase performance in math and language arts next year for several of the above listed subgroups. Goals for the 2008-2009 testing are to be at 46% proficient in ELA and 47.5% proficient in math.

#### Conclusions from Parent, Teacher and Student Input:

Sundown students have done an excellent job in meeting their educational goals. Students, teachers, and parents will continue to strive for additional goals as implemented by the No Child Left Behind Act. Teachers will make sure to differentiate instruction to meet the needs of all students, especially those with disabilities and those struggling to overcome the achievement gap. As Sundown continues to grow and the numbers of some of our sub groups increase, we have noted performance concerns in several of those groups. Our goal is to increase performance levels in all groups, but to also work to close the achievement gap between groups.

#### Staffing and Professional Development

3. Status of meeting requirements for highly qualified staff (NCLB)
4. Principals' Assembly Bill (AB) 75 training on State Board of Education (SBE) adopted instructional materials (EPC)
5. Sufficiency of credentialed teachers and teacher professional development (e.g., access to AB 466 training on SBE-adopted instructional materials) (EPC)
6. Alignment of staff development to content standards, assessed student performance, and professional needs (NCLB)

7. Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

8. Teacher collaboration by grade level (EPC)

Alignment of curriculum, instruction and materials to content and performance standards:

Math, language arts, reading, science, and history curriculum, instruction and materials are directly aligned to district and state content and performance standards. Instruction is delivered based on the standards.

Availability of standards-based instructional materials appropriate to all student groups:

Instructional materials used in the classrooms in math, language arts, science and social studies are standards-based and used by all student groupings. Lesson planning is based on the standards, which can be found either in the teacher's plan book, in the text or posted in the classroom.

Sundown is basing many of our goals next year on information provided by our LAIT review. Below is a summary of those goals (all associated in the site plan.)

### Teaching and Learning

9. Alignment of curriculum, instruction, and materials to content and performance standards (NCLB)
10. Adherence to recommended instructional minutes for reading/language arts and mathematics (EPC)
11. Lesson pacing schedule (EPC)
12. Availability of standards-based instructional materials appropriate to all student groups (NCLB)

13. Use of SBE-adopted and standards-aligned instructional materials, including intervention materials (EPC)

Alignment of staff development to standards, assessed student performance and professional needs:

Staff members have the opportunity to attend staff development to address the alignment of standards, assessment of student performance, and professional needs. Beginning Teacher Support & Assessment (BTSA) provides support and instruction for beginning teachers. School site meeting time is used to analyze specific site and grade level issues. The site works to provide release time for teachers for observation and collaboration as well as onsite training. Administrative training is offered to administrators and teachers to provide help in interpreting STAR and benchmark results and using those results to plan instruction.

Availability of standards-based instructional materials appropriate to all student groups:

Instructional materials used in the classrooms in math, language arts, science and social studies are standards-based and used by all student groupings. Lesson planning is based on the standards, which can be found either in the teacher's plan book, in the text or posted in the classroom.

Opportunity and Equal Educational Access

14. Services provided by the regular program that enable underperforming students to meet standards (NCLB)

15. Research-based educational practices to raise student achievement at this school (NCLB)

16. Opportunities for increased learning time (Title I SWP and PI requirement)

17. Transition from preschool to kindergarten (Title I SWP)

Services provided by the regular program to enable under performing students to meet standards:

The site offers many opportunities for under performing students to meet the standards in the regular program. This includes instruction, which is driven by the standards in all classrooms. Teachers have identified and discussed performance plans for under performing students in their classrooms. These will be monitored and adapted at different times during the year. Under performing students will have the opportunity to attend after school tutoring, get assistance by classroom aides, or work with various site level programs (depending on grade level and need). Some staff hold lunchtime and after hours "study halls" or additional tutoring for their students. Tutoring time is provided for students after school and intersession school is provided over some of our breaks.

Services provided by categorical funds to enable under performing students to meet standards:

Services provided by categorical funding to enable under performing students to meet the standards include: use of the district psychologist to provide data, which drives the school's testing analysis for improvement, aide time for direct assistance to under performing students, programs directed specifically at intensive, small group instruction to assist with reading, use of computer based programs such as Imagine Learning to increase ELL development, etc.

## Involvement

18. Resources available from family, school, district, and community to assist under-achieving students (NCLB)
19. Strategies to increase parental involvement (Title I SWP)
20. Involvement of parents, community representatives, classroom teachers, and other school personnel in the planning, implementation, and evaluation of consolidated application programs (5 CCR 3932)

Family, school, district and community resources available to assist these students:

Low performing students are provided assistance in a variety of ways. Parent-teacher conferences provide recommendations for parents to further their children's academic success and to address behavioral concerns in the classroom. Homework may be accommodated (or modified based on an IEP) to meet students' needs. Parent volunteers work one-on-one or with small groups to assist students experiencing difficulties. The school provides helpful information to parents in the monthly school newsletter and Monday Messages. The student handbook and first day packet provide parents information on available programs for at risk students. Grade level meetings are held regularly to discuss strategies to assist low performing students. The district provides information at parent meetings, including the District Advisory Committee, for parents to access help for their children in school. The District has provided on-going parent education workshops; funded by Title I monies. These workshops, presented by District teachers, have aimed to provide strategies, which will ensure success for all students at years' end. The School Site Council (SSC) at each site, composed of school and community members, distributes the school's resources based on the needs as outlined in the school plan. Principals are provided information in the form of sharing, flyers, and training at Principal's meetings and administrative sessions. W.A.V.E., Westside's educational foundation, provides grant monies for schools and teachers to supplement the programs provided at each school. An after school program offered by the city (at certain sites) - Fun Center - provides time and assistance for students to complete homework prior to being picked up by a parent. YMCA also offers this service at Sundown. Community organizations such as the Boy and Girl Scouts and sports groups provide outlets for students who may need the modeling provided by appropriate organizations in the community. Tutoring and intersession schools are available to at-risk students. GATE advisory meetings are held to gain input and recommendations about the GATE program. English Language Advisory Council (ELAC) meetings are held to gain input from parents of English Language Learners.

Conclusions from Parent, Teacher and Student Input:

Sundown students have done an excellent job in meeting their educational goals. Students, teachers, and parents will continue to strive for additional goals as implemented by the No Child Left Behind Act. Teachers will make sure to differentiate instruction to meet the needs of all students, especially those with disabilities and those struggling to overcome the achievement gap. As Sundown continues to grow and the numbers of some of our sub groups increase, we have noted performance concerns in several of those groups. Our goal is to increase performance levels in all groups, but to also work to close the achievement gap between groups.

## Funding

21. Services provided by categorical funds that enable underperforming students to meet standards (NCLB)
22. Fiscal support (EPC)

Services provided by categorical funds to enable under performing students to meet standards:

Services provided by categorical funding to enable under performing students to meet the standards include: use of the district psychologist to provide data, which drives the school's testing analysis for improvement, aide time for direct assistance to under performing students, programs directed specifically at intensive, small group instruction to assist with reading, use of computer based programs such as Imagine Learning to increase ELL development, etc.

## Appendix E - Recommendations and Assurances (Sundown Elementary)

The school site council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

1. The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.
2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the Single Plan for Student Achievement (SPSA) requiring board approval.
3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan (**Check those that apply**):

X English Learner Advisory Committee

## Appendix F - Sundown Elementary's Parent Involvement Policy

The staff of this school recognizes that parents/guardians are their children's first and most influential teachers and that continued parental involvement in the education of children contributes greatly to student achievement and a positive school environment.

In order to engage parents/guardians positively in their children's education, the principal or designee shall:

1. Ensure that teachers provide frequent reports to parents/guardians on their children's progress and hold parent-teacher conferences at least once per year with parents/guardians of elementary school students. (if necessary and/or requested by parent)
2. Provide opportunities for parents/guardians to observe classroom activities and to volunteer in their child's classroom.
3. Provide information about parent involvement opportunities through class newsletters, school newsletters (posted on district web site) the district's web site and other written or electronic communications.
4. Develop mechanisms to encourage parent/guardian input on school issues and programs.
5. To the extent practicable, provide full opportunities for the participation of parents/guardians with limited English proficiency, parents/guardians with disabilities, and parents/guardians of migrant children, including providing information and school reports required under 20 USC 6311(h) in a format and language such parents/guardians can understand.
6. Encourage greater parent/guardian participation by offering a flexible number of meetings and adjusting meeting schedules when practicable to accommodate parent/guardian needs.
7. Build the capacity of the school and parents/guardians for strong parent involvement by:
  - assisting parents/guardians in understanding such topics as the state's academic content standards and academic achievement standards, state and local academic assessments, the requirements of Title I, and how to monitor a child's progress and work with educators to improve the achievement of their children
  - providing materials and training to help parents/guardians work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parent involvement
  - educating teachers, student services personnel, principals, and other staff, with the assistance of parents/guardians, in the value and utility of parent/guardian contributions and in how to reach out to, communicate with, and work with parents/guardians as equal partners, implement and coordinate parent/guardian programs, and build ties between parents/guardians and the schools
  - informing parents/guardians and parent organizations of the existence and purpose of parent information and resource centers in the state that provide training, information, and support to parents/guardians of participating students
8. Engage parents/guardians positively in their children's education by helping them develop skills to use at home that support their children's academic efforts at school and their children's development as responsible members of society (Education Code 11502, 11504) through such activities as:
  - providing parents/guardians with information regarding ways to create an effective study environment at home and to encourage good study habits
  - encouraging parents/guardians to monitor their children's school attendance, homework completion, and television viewing
  - build consistent and effective communication between the home and school so that parents/guardians may know when and how to assist their children in support of classroom learning activities (Education Code 11502, 11504)
9. Jointly develop with the parents/guardians of a school-parent compact that outlines how parents/guardians, the entire school staff, and students will share responsibility for improved student academic achievement and the means by which the school and parents/guardians will build a partnership to help students achieve state standards.

This compact shall address:

- The school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables participating students to achieve the state's student academic achievement standards
- Ways in which parents/guardians will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television viewing; volunteering in the classroom; and participating, as appropriate, in decisions related to their children's education and the positive use of extracurricular time

The importance of communication between teachers and parents/guardians on an ongoing basis through, at a minimum:

- Parent-teacher conferences in elementary schools, at least annually, (as needed or requested) during which the compact shall be discussed as it relates to the student's achievement
- Frequent reports to parents/guardians on their children's progress
- Reasonable access to staff, opportunities to volunteer and participate in their child's classroom, and observation of classroom activities

10. Convene an annual meeting, at a convenient time, to which all parents/guardians of participating students shall be invited and encouraged to attend, in order to inform parents/guardians of their school's participation in Title I and to explain Title I requirements and the right of parents/guardians to be involved

11. Involve parents/guardians in an organized, ongoing, and timely way in the planning; review; and improvement of school programs, including Title I programs; including the planning, review, and improvement of the school's parent involvement policy and the joint development of the school's Single Plan for Student Achievement

12. If the school's Single Plan for Student Achievement is not satisfactory to the parents/guardians of participating students, submit any parent/guardian comments when the school makes the plan available to the district

13. The principal or designee, jointly with parents/guardians shall annually review and update the school's parent involvement policy to meet the changing needs of parents/guardians and the school. (20 USC 6318)

14. All school organizations will communicate with parents through ALL modes of communication.

15. All volunteers must have a TB test on file and be finger printed through the Westside Union School District.

## Appendix G - Home/School Compact

It is important that families and schools work together to help students achieve high academic standards. Through a process that included teachers, families, and students, the following are agreed upon roles and responsibilities that we, as partners, will carry out to support student success in school and life.

We, the Sundown Elementary School Community, a high achieving elementary school, believe that each of us has an important role to play in our students' school success. Therefore, we agree to carry out the following responsibilities to the best of our abilities:

### Student Pledge:

- Come to school each day prepared to do my best and ready to learn.
  - Participate in class activities.
  - Take responsibility for completing and returning my class work and homework.
- Follow all school rules including being kind to others.  
Respect myself, others, and all staff members.

### Parents Pledge:

- Make sure that our child attends school regularly; is on time, and is prepared to learn.
- Know what is expected of our child and what she/he is learning in school.
- Monitor our child's progress and communicate regularly with our child's teacher.
- Read with our child nightly.
- Attend Back-to-School night, parent-teacher conferences and other school events.

### Staff Pledge:

- Provide high-quality curriculum and instruction that includes meaningful learning activities that address challenging content standards for all students.
  - Communicate regularly with families about their student's progress and ways that they can assist. We will communicate through EdLine, conferences, reports on student progress, allowing access to staff, and opportunities to volunteer and participate in and observe the educational program.
  - Participate in meaningful staff development in effective teaching strategies, addressing the needs of a diverse student body, and working effectively with all members of our learning community.
- Provide a safe, bully free zone for students.

### Principal Pledge:

- Ensure that meaningful learning experiences that address challenging standards are provided for all students.
  - Encourage and facilitate open communication between school and home.
  - Provide opportunities for parents to learn about school and district standards, expectations and programs and how they can assist their child(ren) at home.
  - Allocate adequate resources to ensure that high standards can be met by all children.
- Provide a safe, bully free zone for students.

## **Appendix I: Single Plan for Student Achievement Annual Evaluation**

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans.

Annual evaluation by the SSC and local educational agency (LEA) is a critical part of the continuous cycle of improvement for a school. Furthermore, it is an integral component of the Compensatory Education (CE) Federal Program Monitoring (FPM) review process for Single Plan for Student Achievements (SPSAs). During an FPM review, the SSC and LEA must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

The SPSA annual evaluation may be a summary description of the school's progress toward implementation of the strategies and actions in the SPSA. The report may also include a data analysis of the school's progress towards its student achievement goals based on local, state, or national assessment data.

During the evaluation process, it is important for the SSC and LEA to exercise caution about jumping to conclusions about the effectiveness or non-effectiveness of specific activities and programs without examining the underlying causes. The SSC and LEA should consider all relevant factors when evaluating the plan, such as the degree of implementation, student enrollment changes, and health and safety issues.

### **Plan Priorities**

Identify the top priorities of the most recent board approved SPSA. (No more than 2–3.)

Identify the major expenditures supporting these priorities.

### **Plan Implementation**

Identify strategies in the most recent board approved SPSA that were fully implemented as described in the plan.

Identify strategies in the most recent board approved SPSA that were not fully implemented as described in the plan or were not implemented within the specified timelines.

What specific actions related to those strategies were eliminated or modified during the year?

Identify barriers to full or timely implementation of the strategies identified above.

What actions were undertaken to mitigate those barriers or adjust the plan to overcome them?

What impact did the lack of full or timely implementation of these strategies have on student outcomes? What data did you use to come to this conclusion?

### **Strategies and Activities**

Identify those strategies or activities that were particularly effective in improving student achievement. What evidence do you have of the direct or indirect impact of the strategies or activities on student achievement?

Identify those strategies or activities that were ineffective or minimally effective in improving student achievement.

## Appendix H - School Site Council Membership (Sundown Elementary)

Education Code Section 64001 requires that the SPSA be reviewed and updated at least annually, including proposed expenditures of funds allocated to the through the Consolidated Application, by the school site council. The current make-up of the council is as follows (43):

Name of Members	Principal	Classroom Teacher	Other School Staff	Parent or Community Member	Secondary Students
Timothy C. Barker	X				
Gabrielle Rendon			X		
Gloria Powell				X	
Nicole Gray				X	
Amy Campos		X			
Maria Boozhanof				X	
Jackie Bennett		X			
Rocio Castellanos				X	
Robert "Dugan" Weber				X	
Sandra McClay				X	
Pam Miller		X			
Margaret Lopez		X			
Linda Vetter				X	
Sandra Thompson			X		
Karen Wood			X		
<b>Numbers of members of each category</b>	<b>1</b>	<b>4</b>	<b>3</b>	<b>7</b>	

(43) At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Based on an analysis of the impact of the strategies/activities, what appears to be the reason they were ineffective in improving student achievement?

Lack of timely implementation

Limited or ineffective professional development to support implementation

Lack of effective follow-up or coaching to support implementation

Not implemented with fidelity

Not appropriately matched to student needs/student population

Other:

Based on the analysis of this practice, would you recommend:

Eliminating it from next year's plan

Continuing it with the following modifications:

### **Involvement/Governance**

How was the SSC involved in development of the plan?

How were advisory committees involved in providing advice to the SSC?

How was the plan monitored during the school year?

What changes are needed to ensure involvement of all stakeholders and adequate monitoring of planned activities and outcomes?

### **Outcomes**

Identify any goals in the most recent board approved SPSA that were met.

Identify any goals in the most recent board approved SPSA that were not met, or were only partially met.

List any strategies related to this goal that were identified above as "not fully implemented" or "ineffective" or "minimally" effective.

Based on this information, what might be some recommendations for future steps to meet this goal?
